"incredible respect and kindness..."

An amazing practice! I am always treated with incredible respect and kindness – always supportive – always explaining everything – always an opportunity for questions. After 20 years of awesome care, I could not imagine any other dentist or staff to be MY dentist.

Sarah Thomas
Audubon, NJ

"worth every mile..."

I travel an hour and a half to go to Dr. Sandberg. It's worth every mile. I tried other dentists, but with Dr. Sandberg I have total trust. There is no other dentist I would trust, especially right before my wedding. I've brought my fiance to Dr. Sandberg and I will do the same with our children.

Kristin Neal
Manahawkin, NJ

"anxiety vanished..."

My anxiety with dental work has most definitely vanished since I started going to Dr. Sandberg. His work is painless, and the dental work is always perfect. I always feel like family when I arrive at Dr. Sandberg's office. Everyone is so pleasant and attentive. I never thought I would look forward to my dental appointments until going to Dr. Sandberg.

Dolores Conforti
Voorhees, NJ

"very sincere and down-to-earth..."

Dr. Sandberg and his staff are extremely professional, but they're also very sincere and down-to-earth. Very impressive technology, too. I highly recommend this practice.

Patricia Venuto
Cherry Hill, NJ

"the care is unparalleled..."

Prior to coming to this office 15 years ago, I dreaded going to the dentist. Now I'm taking much better care of my teeth and not putting off appointments. I believe it has contributed to the good health I now enjoy. The care is unparalleled by any dental office I've ever been to, and that's from a nurse of 45 years. Everyone is professional and friendly. I especially like that Dr. Sandberg always talks to you first so you know what needs to be done, including options and any cost. I appreciate the honest approach – it truly builds trust.

June Shibe
Marlton, NJ

"so relaxed and comfortable..."

I've never had a dentist make me feel more comfortable. He's just a wonderful person, very caring. And his entire staff is exactly the same way. It's like he hired five other Dr. Sandbergs all around him. I'm such an anxious dental patient, but I always come out of his office so relaxed and comfortable. One of the nicest things about going there is that he's so efficient. I've never waited in his office more than five minutes – ever. I would recommend Dr. Sandberg to anyone. I just think he's the best dentist around.

Ruthanne McGowan
Sicklerville, NJ

"declined to go to any other dentist..."

Many years ago, I was referred to Dr. Sandberg's practice by a friend, and was so satisfied with his professionalism and caring staff that I've declined to go to any other dentist. I would highly recommend this practice.

Leon Rothamel
Mt. Laurel, NJ

"traveled from Newtown, PA and worth it..."

For 8 years I've traveled to Marlton from Newtown, Pennsylvania for Dr. Sandberg's dental services. I was referred there by a friend because my dental needs were pretty complex. She assured me that Dr. Sandberg would be worth it. After 8 years of that traveling, I couldn't agree more.

Joseph Reggi
Newtown, PA

"overall health improvement..."

It may be the technology, but I'm convinced it's the staff that's responsible for my overall health improvement since I started visiting Dr. Sandberg's office 4 years ago.

James Cameron
Voorhees, NJ

"do it the right way..."

Dr. Sandberg has a high level of technology to make your dental care comfortable. And his staff is very caring of the patient, both in the dental chair and at the front desk. They also supply you with lots of information that is very helpful. They do it the right way.

Sharleen Thomas
Voorhees, NJ

"treated as an individual..."

My family has seen Dr. Sandberg and his crew for 20 years. My 89-year old mother loves her 'visits!' Dr. Sandberg and his excellent staff are friendly and professional in every way. Each patient is treated as an individual. I like that time is always available to explain the work, the length of time for the procedure and any alternatives.

Dr. Sandberg's practice is an excellent choice for anyone looking for a long-term association with a caring and professional practice.

Barbara McNerney
Cherry Hill, NJ

"always feel at ease there..."

Dr. Sandberg has a friendly and professional staff. I always feel at ease there, and confident realizing that I can smile a beautiful smile I only dreamed about.

Linda Walzer
Cherry Hill, NJ

"never had to wait..."

I have been a patient of Dr. Sandberg's for many years. I was referred to his office by a co-worker who highly praised his practice. My first impression was a good one. His staff is exceptionally friendly, helpful and kind. Most importantly, with our busy schedules, they were timely. I have never had to wait more than 5 minutes past my scheduled office visit time for a general check up and cleaning. How important that is today. It's the only doctor's office that I've been in that is actually "on time!" I have referred my family and friends to Dr. Sandberg and will continue to do so.

"treats patients like they are family..."

My family and I have been patients of Dr. Sandberg for years. His personal and caring ways always make me feel like I am getting the best dental care. The technology he uses makes me confident that he keeps up with ever-changing technology. I recommended my sister to go to Dr. Sandberg. She recently received a root canal and was really nervous. She told me Dr. Sandberg called her on a Saturday to ask her how she was feeling after the procedure. No dentist I know has ever done that. He treats his patients like they are family. Very impressive!!

Kelly Parks
Cherry Hill, NJ

"never rushed..."

Dr. Sandberg is a competent professional who has provided me with outstanding care over the past seven years. Every appointment I had was punctual and never rushed. He laid out treatment options in detail and gave me all the information I needed in order to make informed decisions. When I had dental emergencies on two occasions, he saw me right away. His staff is personable and caring. I am happy to recommend him to anyone looking for a great dentist whose practice is very patient-friendly, painless, and up-to-date with the latest dental technology.

John Clifford
Voorhees, NJ

"a staff that really cares..."

Dr. Sandberg is an excellent dentist and is surrounded by a staff that really cares. Personalized service is Dr. Sandberg's specialty. He and his staff are willing to spend as much time as needed explaining any procedure. They also display a high level of concern through follow-up calls after my major procedures.

Nancy Myers
Tabernacle, NJ

"knowledgeable, caring, fair priced..."

My family has been patients of Dr. Sandberg's for about 18 years, from periodontics to orthodontics to basic dental needs, and we have always felt like part of his family. The personalized attention that we get from Dr. Sandberg and his staff always goes above and beyond doctor-patient responsibility. I have and will always recommend Dr. Sandberg's practice to anyone I know who needs a knowledgeable, caring, fair-priced dentist.

Brenda Ferrara
Clementon, NJ

"we love the wand..."

Everyone at Dr. Sandberg's office is very professional, pleasant, down-to-earth and very approachable. And the equipment is high tech – we love "The Wand!" Everything is fully explained and you are given options for what would be best for your situation. We recommend Dr. Sandberg's practice highly.

My family has been going to Dr. Sandberg for over 20 years. I always feel welcome there. They're professional and they treat me like an individual. I always feel well-informed as to why a particular treatment is recommended. And they take whatever time is necessary. There's never any rushing. They're a team of fine professionals.

"they listen..."

As a patient of Dr. Sandberg's for over 20 years, I've always found everyone to be well-organized, experienced and caring. I like that they listen to your concerns or problems, and the solutions are presented in a clear and concise, understandable fashion. Highly recommended.

Douglas Aitken
Voorhees, NJ

"combines expertise with TLC..."

Dr. Sandberg's practice combines expertise with the TLC you want in a dentist. I like that everything is laid out in advance with a timetable from start to finish, including the financial portion. No hidden surprises. My wife shares these same thoughts and feelings. We will continue to recommend Dr. Sandberg's practice to friends and family.

Anthony LaRocca
Marlton, NJ

"treated like I'm special..."

I always have been treated like I'm special at Dr. Sandberg's office. It's a very comfortable and pleasant environment. And there's never a delay waiting in the waiting room, which is a pet peeve of mine. The technology seems so advanced. I'm amazed how it seems to change every time I visit. Plus all the girls are great. They are all friendly and make you feel welcome and comfortable.

"moved to North Jersey but won't go anywhere else..."

At Dr. Sandberg's office, I don't feel like just another patient. I feel more cared about as a person. It's why I drive here from Hunterdon County. I started coming here in 1990 and I won't go anywhere else – even having moved to North Jersey.

Carol Rickard
Hopewell, NJ

"we feel we are regarded as friends..."

For over 20 years our entire family has received professional, personalized attention from Dr. Sandberg and his staff – from routine care to emergencies when the office always works us in to a busy schedule. We are always welcomed with pleasant and friendly faces and attitudes. As patients, we feel we are regarded as friends.

"just exceptional..."

I have been transferred several times in my career and have experienced several different dentists. Doctor Sandberg is by far the best. My only regret is that I could not take him with me state to state. Just exceptional!

Robert Conforti
Voorhees, NJ

"an awesome smile..."

Even if you've had a bad experience with other dentists, Dr. Sandberg is understanding, and I am happy I had found an excellent dentist who gave me an awesome smile.

Velina Riggi

"makes patients feel at ease..."

Dr. Sandberg's practice is high-tech dentistry with the latest advances. And his clinical skills are excellent. Dr. Sandberg's entire staff is both friendly and compassionate. It's obvious that they care about the patient's needs, and he does whatever possible to make patients feel at ease. He establishes lasting relationships with his patients. I have been a patient for 11 years and have referred several patients who continue with the practice today.

Judith Wilkins
Westampton, NJ

"always getting their total attention..."

I have been a patient of Dr. Sandberg's for more than 20 years – always accommodating, always friendly and, best of all, always quality dental care. They are continually upgrading their technology at the office. I particularly like the x-ray upgrade. It's so much easier on the mouth! With Dr. Sandberg and his staff, I never feel like I'm getting anything less than their total attention. I am blessed to have them.

Mary Ann Halladay
Pennsauken, NJ

"very knowledgeable and helpful..."

We have been going to Dr. Sandberg for over 20 years and we're very happy with the level of care. Dr. Sandberg has always been very knowledgeable and helpful in explaining dental conditions, along with giving the options available. We also feel his loyal staff is caring and always a pleasure to talk with. We would recommend the practice to anyone.

"probably saved my life..."

During a period of complex dental work, Dr. Sandberg and his entire staff were not only focused on optimal outcomes for my dental procedures, but also they made sure that my overall health was an area of constant vigilance. I know now that their dedication to my overall dental health probably saved my life, and there is no way I can repay them. What Dr. Sandberg and his staff do, and the way they do it, are very special in today's world of medicine which is so often treated as a business and not a vocation dedicated to the welfare of the patient. I consider myself fortunate.

Kevin Neal
Long Beach Island, NJ

"No waiting!"

Dr. Sandberg and his staff brought back my confidence to smile. They are very efficient, professional and caring – and no waiting! 5 stars. Excellent work.

Christine Brantley

"put you at ease..."

With Dr. Sandberg's expertise and close attention to our dental needs, we have faith in him to care for our dental needs for a long time to come. We would recommend Dr. Sandberg to anyone who wants a more than qualified dentist whose warm ways will put you at ease and give you excellent dental care.

"my comfort is his primary concern..."

Dr. Sandberg presents information in a concise, easy to understand way. I know the up and down sides, and can make my decision based on the facts. Also I really appreciate the fact that I never feel pressured into making a decision. Everyone in his office is kind, gentle, and has a way of making you feel as if you are the only patient in the office at that moment. If you want to be sure your dentist cares about you and making your experience a pain-free one, Dr. Sandberg is a great choice. If I ever feel any pain while he's working on my teeth, he will immediately stop and address the issue. My comfort is his primary concern. I've never been to any other dentist like that.

Steve V
Atco, NJ

"very attentive...very congenial..."

Dr. Sandberg and his staff are very attentive, from the time you enter the waiting room until the time you leave. Very congenial. Everyone is so caring, whether you are there for a normal visit or if you have a problem. Very informative in explaining everything, too. I would highly recommend this practice. No one would ever be afraid of going to the dentist if they were patients of Dr. Sandberg.

Joanne Mastropietro
Marlton, NJ

"painless dentist..."

I have a wife who suffers from a nervous condition and anxiety. She also distrusts most men. I convinced her to come with me and try Doctor Sandberg. His good nature, charm, and professionalism won her over. She has gone from my having to take her for her appointments and staying in the room with her, to going to the dentist by herself. I grew up watching westerns at the movies. In every western town there was always a store front that advertised "painless dentist." I always kid Doctor Sandberg that he should have such a sign. During any dental procedure either myself, or my wife, has undergone, neither of us has ever experienced any pain. I highly recommend Doctor Sandberg and his staff.

John Aaron
Marlton, NJ

"highly professional..."

Recently my wife, on recommendation of our son who is a physician, visited Dr. Joseph Sandberg to restore her lower two central teeth which were badly chipped and unsightly. Dr. Sandberg, with our approval, prepared the teeth for porcelain laminates. Without pain, and with a gentle touch, beautifully shaped and shaded laminates resulted. My wife and I (a retired dentist) are very gratified with the restorations and are pleased to recommend Dr. Sandberg to others seeking highly professional dental attention.

"great doctor and staff..."

The care and attention are very personal. I always have felt comfortable voicing concerns and/or questions. The techniques used to make me comfortable during procedures seem to be technologically advanced, and that is greatly appreciated since I used to fear the dentist. Great doctor and staff.

Debbie Burke
Bordentown, NJ

"professional, yet personal. . ."

Dr. Sandberg has been our family dentist for close to 20 years. During that time, he has offered professional, yet personal services. Dr. Sandberg takes the time to explain procedures and options in dental care. His staff is kind and they make every effort to make the patient comfortable. I highly recommend Dr. Sandberg as a talented, compassionate dentist.

C. Disler
Medford, NJ

"highly recommend..."

As a retired dentist who moved to the Cherry Hill area, I was searching for a general dentist whose work was up to my own very high standards. I consulted local periodontists – who are in a position to see the work done by general dentists – and was given three names of dentists whom they respected greatly. One of the dentists was Dr. Joseph Sandberg whom I and my family subsequently visited. After seeing him for 13 years, we have been very satisfied with the quality of his work, his friendliness and the kindness and professionalism of his staff. I would highly recommend Dr. Sandberg and his office to anyone seeking a dental home.

Diane Markowitz, DMD, PhD
Cherry Hill, NJ

"over-the-top personalized attention..."

The level of personalized attention from Dr. Sandberg and his staff is definitely "OVER THE TOP." They present everything I should know in a very caring way! I have come to Dr. Sandberg for years and I would definitely recommend him to others!

Patricia Johnston
Mt.Laurel, NJ

"warm, welcoming atmosphere..."

When I come to Dr. Sandberg's office, I always enjoy the warm, welcoming atmosphere and the smiling faces. They're so caring. Dr. Sandberg and his staff spend significant time explaining options before procedures. Plus they spent a lot of time on preventive care, too.

George Savvides
Medford, NJ

"despite a 4 hour round trip..."

I live 2 hours away in mid-town Manhattan and am very pressed for time. Despite the 4 hour round trip, I don't think twice about going to Dr. Sandberg. I have a great dental plan and could go to practically any dentist in the city, but my choice is Dr. Sandberg. The quality of care is exceptional, especially in contrast to New York City dentists who are rushed, distracted (and even unethical in my experience!). Dr. Sandberg takes the time to thoughtfully provide first class service and dental care. The skilled and accommodative staff not only does first rate technical work, they also create a very pleasant atmosphere. Whenever anyone asks, I recommend Dr. Sandberg. When it comes to my dental care, I have the utmost trust in Dr. Sandberg and his staff.
